Welcomes you to
the Current
Middle Ages.

What is the Barony of Castel Rouge?

Berkeley, CA, circa 1966. A bunch of students don helmets made of paint cans, bang on each other with fake swords, and the SCA is born.

Fast Forward to 1970. A group from Winnipeg see the true medieval result of this start, and import the idea to Winnipeg. The Barony of Castel Rouge is born.

Who is the Barony?

We're people of all ages, walks of life, and interests who enjoy doing something different with their weekends.

The Barony of Castel Rouge encompasses all of Manitoba, and has members located in various communities throughout.

You never know who you'll meet!

Something for everyone!

As a living history group, we research what medieval life was like, and then recreate it. We learn by research and share that knowledge. For example, to learn fighting, we make armour, weapons and shields, study period manuals and then use them in battle.

Things we do include:

- Armoured fighting
- Fencing
- Archery
- Metalwork, woodwork, leatherwork
- Dancing
- Costuming
- Weaving & embroidery
- Music & poetry
- Calligraphy & illumination
- Cooking
- Games

and LOTS more...

When do we meet?

We meet Sunday afternoons in a variety of venues. We practice our dancing, crafting, or fighting skills, or we can just visit with friends.

There are also practices during the week at different venues.

You may see us at community events, and city parks where we may demonstrate and teach our skills.

We hold large events several times a year, which can feature performances, tournaments and feasting, all in authentic medieval style.

Please see the Calendar on the Castel Rouge homepage for details of meeting dates, times, and locations.
